STRUCTURE COMPLETED

After finishing work on the pergola on the rooftop terrace, the structure of Gran Canet has been completed**.**

We are proud to inform all our collaborators and buyers that the progress of work is as scheduled. Thanks to the hard work by all our team, we will be delivering the homes before the end of the fourth quarter 2022.

ESTRUCTURA

100%

Execution of the structure is now complete, with the iconic pergola on the to floor.

Joining both towers across the raised bridge gives the complex its final outline.

ALBAÑILERIA

60%

As for the brickwork, work is underway on the façade of the 12th floor, while work is simultaneously taking place in the communal areas.

Furthermore, 20% of the inner brickwork has been completed**, and the plumbing, wiring and telecommunications installations are being fitted, along with the ventilation ducts.**

VISIT OUR UPGRADES OFFICE

Our Upgrades office is now available, located next to the Gran Canet sales office. You will be able to check out all the optional items to customise your home here.

The opening hours of the upgrades office is from Monday to Sunday, from 10:00 to 14:00 hours and from 16:30 to 20:30 hours.

Please ask your sales agent to make an appointment.

PUERTO SILES: CANET'S MARINA

Canet de Berenguer's marina sets the mooring limits between Valencia and Castellón. The fact that all its moorings are tariffed for public use means that even in the peak of summer **there is usually an available mooring**.

Moreover, the port services include a social centre and **restaurant within the Nautical Club**. In summer the sailing school is open for all the public, and also offers activities such as canoeing, fishing and diving. The choice of services is completed with a slipway, harbour services, depth gauging, restoration and weather forecasts.

Moreover, the location of Canet makes its Racó de Mar beach the ideal site for all manner of nautical and water **sports** imaginable: **dinghy sailing, stand-up paddle surf, kayak, diving, water-skiing, and many more.**

- No. moorings: 517 (lengths from 2.5m to 12m)
- Coordinates: 39º40'N and 0º12'W
- Tel. 962 608 132

CANET, THE BEST BEACH IN THE REGION OF VALENCIA

Once again, El Racó de Mar beach in Canet de Berenguer, has been voted the **Best Beach in the Region of Valencia.**

According to the votes, organised by the Onda Cero radio station, Canet beach received **43,000 votes from all over Spain.**

Among the reasons why it is such a popular beach is because of the quality of the water, its fine, golden sand, the services available to visitors, and above all because it has over 300 days of sun per year meaning that the essence of the Mediterranean can be enjoyed all year round at Canet de Berenguer.
